WUXI JIN MING JIAN DE INDUSTRY & TRADE CO., LTD.

GASOLINE GENERATOR

Equipped with a full range of automated production equipment; intelligent, core components are self-made, automated production lines, providing customers with high-quality generator products and personalized customization services.

Power rang(1KW-10.5KW):It can drive air conditioners (above 1.5HP), electric ovens, refrigerators, rice mills, industrial electric fans, etc.

The core features are convenient startup and compact size, making it suitable for temporary or emergency power supply needs that require short to medium duration and low to medium power output.
